

# How to Join STN

We would be very pleased to have you join our growing STN Membership. A wealth of information regarding STN, its members, goals, opportunities, meeting times, place and directions can be found on our website at:

<http://www.STNrebuilds.org>

During STN 2015 Free Membership program the following procedure should help for you to join.

A) You will be able to REGISTER with the STN Discussion Forums:

Go to our Web site and click MEMBER LOGIN

This takes you to the forum site. Select REGISTER on the navigation bar.

B) After you complete the online Registration/Profile and submit it to us, it will take less than 24 hours to be approved and you will receive an email confirming that.

C) Lastly, to upload your Resume to our Server for Employer review, login to the STN Discussion Forums with the UserID and Password provided during registration.

Once logged in, click on "User Control Panel" in the main menu and then click on the "Profile" tab. All the information you provided during Registration is displayed.

To upload your Resume, click on the link "Click Here To Upload Your Resume - PDF Files Only!", browse your Computer for your Resume and click the "Submit" button.

Your Resume will be attached to your Profile and uploaded to our Server.

We HIGHLY suggest you select areas of expertise from the "drop downs" on this screen form as they are what employers will use as Search Criteria for potential candidates. Make sure you click on the "Submit" at the bottom of the web page to save all your information! In the future you may edit any of that information as well as change out your Resume on file.

Thank you for your interest in STN and your new membership.
